16/10/24 To lighten the official debts by granting loans seems to be a very undesirable policy. If, as recommended, they are granted advances 3 months' pay, they will spend it in a month or two and then what have they to do? Further they will have to pay instalments, thereby rendering them incapable to meet the demands of the master as well as their own. The amount also is

The grant of loans does not seem to be desirable or practicable. The Officers have fixed incomes and it is desirable that they should live within them incurring debt. The Amildars action in granting loans was ill-advised & he will have to be asked to recover the amounts advanced.

As regards a portion of Famine Grain Compensation allowance the request should be granted

No loans of the kind should have been given. The system of giving them should be stopped at once.

The further report promised may be awaited but unless the case is exceptionally strong the grant of Grain Compensation allce cannot be permitted as the high prices allce merged in pay is the Compensation for increased cost of living and as no normal level of prices can be fixed for deciding when further relief

FROM

K. CHANDY ESQ., B.A.,
Revenue Commissioner in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue *Department.*

SIR

I have the honour to forward herewith copy of letter No.O.C. 1840/22-23 dated 13th October 1924, from the Deputy Commissioner, Tumkur District bringing to notice the distressed condition of the officials in the Pavagada Taluk and recommending the grant of grain compensation allowance, and of loans to the extent of 3 months' pay on the security of their Insurance Policies, and to recommend that the Deputy Commissioner's proposal to grant advances of pay to the officials in the Distressed tracts may be favourably considered by Government.

2. With regard to the grant of Grain Compensation Allowance, the Deputy Commissioner has been requested to report the present market rates of the staple food grains.

I have the honour to be,

S i r

Your most obedient servant,

K. Chandy

Revenue Commissioner.

BR.

Letter No.O.C.1840/22-23 dated 13th October 1924, from the Deputy Commissioner, Tumkur District, to the Revenue Commissioner in Mysore.

I have the honour to state that the Amildar, Pavagada, reports that on account of adverse situation brought about by Distress, the condition of the official class is very precarious and that they do not get any credit in the local shops where the supply of provision is also inadequate and in order to save them from the brink of starvation, he had been forced to give them small loans on taking sureties. He further proposes that as these officials being mostly people from outside, cannot get any credit locally and as their pay is also quite inadequate to make both ends meet, they may be given a loan of 3 months' pay, each, on the security of their insured amount to enable them to tide over their present difficulties.

I have told the Amildar that he ought not to have given loans to officials without previous sanction and that the issue of further such loans should be stopped at once. I have also called for a detailed statement of loans given to officials as he has not furnished the same. The action of the Amildar is opposed to the rules, but as he has given these loans on the analogy of other distressed persons, possibly influenced by the impoverished condition of many of these officials, I request that the grant of these loans may be ratified under the existing circumstances on condition of their being repaid, out of their salaries in 12 monthly instalments.

In this connection, I wish to bring to your notice that the condition of the market in these affected Taluks where the staple food grains sell much below the normal rate, is such as would justify the grant of Grain Compensation Allowance as per Codal Rules. I therefore request that Government may kindly be moved to be pleased to grant the Grain Compensation Allowance to the officials of all Departments in the two Taluks of Maddagiri and Pavagada.

The proposal of the Amildar to grant small loans not

P.T.O.

not exceeding 3 months' pay, to the officials in the distressed tracts, on the security of their Insurance amount also requires xxxxx consideration. The amount so advanced (free of interest) may be recovered in 12 monthly instalments, out of their salaries every month. This may also kindly be recommended to Government and their sanction obtained early.
